

Certificate of Completion

This certifies that:

Nourhan Elbably

has successfully completed the **CorePro – Motion Graphics Training Program**, an intensive **120-hour in-person training program** delivered at Core Istanbul Business Hub.

The program provided practical training in motion graphics fundamentals, visual storytelling, animation principles, scene composition, and professional workflow management using industry-standard tools including Adobe After Effects.

Participants gained hands-on experience in logo animation, motion transitions, character animation, 3D motion techniques, camera tracking, and the creation of complete motion graphics projects through practical implementation.

This certificate is awarded in recognition of the participant's commitment and successful completion of the program requirements.
